What are your options?

Keep your cover

Our Default Cover is aged-based, which means the amount of cover you receive and the cost typically changes with your age. Please see our [Insurance Guide](#) for information about the amount of cover provided as you age.

It may be a good idea to review your cover when your circumstances or financial obligations change - for example, if you get married or buy a property.

Cancel your cover anytime

You can cancel your Death and TPD Cover when you join or at anytime. If you do, you or your beneficiaries may not be able to make a claim if something happens to you after you cancelled your cover. Please note if you cancel your Death Cover, you're also cancelling your TPD Cover as we do not offer standalone TPD Cover.

If you cancel your Default Cover, we will stop deducting premiums from your account. If you want cover in the future, you'll have to apply and be assessed by our Insurer.

Important: If you cancel your Default Cover when you join, you won't receive Default Cover in the future. If your circumstances change, you'll need to apply for insurance which is subject to the Insurer's acceptance (special conditions such as loadings and exclusions may apply).

Change your cover anytime

You have the option to apply to increase, decrease or fix your cover.

You also have the option to transfer your cover from another super fund. If your Transfer of Insurance Cover application is accepted and you do not have Default Cover at the time of your application, you will not be eligible to receive Default Cover in the future.

Please note if you decrease your Default Cover, it converts to Fixed Cover.
